INDEPENDENT ACCOUNTANTS' REPORT

Board of Managers
UGR, LLC
Washington, D.C.

We have audited the accompanying statement of financial condition of UGR, LLC (the "Company") as of December 31, 2010, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of UGR, LLC as of December 31, 2010, in conformity with accounting principles generally accepted in the United States.

UGR, LLC

Notes to Financial Statement

1. Summary of Significant Accounting Policies:

Nature of Business: UGR, LLC (the "Company"), is a limited liability company organized in California and is a wholly owned subsidiary of United Global Resources, Inc. (the "Parent"), a Delaware company. The Company operates as a broker/dealer in the United States and provides financial advisory services in connection with mergers & acquisitions and the private placement of investment funding.

As a broker/dealer, the Company is subject to regulations of the Securities and Exchange Commission (the "SEC"), and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC").

Acquisition of Business: On May 26, 2010, the membership interests of Holbrook & Company, LLC were purchased by United Global Resources, Inc. for a total purchase price of \$65,000. The purchase accounting associated with the acquisition, including recording all assets acquired at fair market value and recognizing the fair market value of acquired intangible assets, including goodwill, has been recorded by the Parent and pushed down to the Company.

Assets acquired consisted of \$7,736 of cash and a deposit of \$519. Carrying value was considered to approximate fair value, with the remaining \$56,745 of the purchase price being allocated to goodwill.

In June 2010, Holbrook & Company, LLC was renamed UGR, LLC. FINRA officially approved this purchase, name change, and move of its headquarters from California to Washington, D.C. on September 27, 2010.

Risks and uncertainties: Financial instruments which potentially expose the Company to concentrations of credit risk consist primarily of cash. The Company maintains its cash balances in financial institutions insured by the Federal Deposit Insurance Corporation up to \$250,000.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period reported. Actual results could differ from those estimates.

UGR, LLC

Notes to Financial Statement, Continued

1. Summary of Significant Accounting Policies, Continued:

Cash and Cash Equivalents: The Company considers cash and cash equivalents to include cash on deposit with financial institutions and money market investments with original maturities of 90 days or less. Cash equivalents are stated at cost, which approximates market value.

Goodwill: The Company evaluates the potential impairment of goodwill annually as required by Financial Accounting Standards Board ("FASB") guidance. There was no goodwill impairment as of December 31, 2010.

Income Taxes: The Company has elected to be taxed as a partnership under the provisions of the Internal Revenue Code, which provides that, in lieu of corporate income taxes, the member is taxed on the Company's taxable income. Similar provisions apply for state income tax reporting. Accordingly, no provision for income taxes is provided in the accompanying financial statements.

Income Tax Uncertainties: The Company follows Financial Accounting Standards Board's ("FASB") guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax expense and liability in the current year.

Management has evaluated the effect of guidance surrounding uncertain income tax positions and concluded that the Company has no significant financial statement exposure to uncertain income tax positions at December 31, 2010. The Company is not currently under audit by any tax jurisdiction.

Subsequent Events: Management has evaluated subsequent events through February 23, 2011, the date the financial statements were available for issuance, and has determined that no additional disclosures are necessary.

2. Guarantees:

As permitted or required under California corporation law, the Company has certain obligations to indemnify its managers and officers for certain events or occurrences while the manager or officers are, or were serving, at the Company's request in such capacities. The maximum liability under these obligations is unlimited; however, the Company's insurance policies serve to limit its exposure.

UGR, LLC

Notes to Financial Statement, Continued

3. **Net Capital Requirements:**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and the ratio of aggregate indebtedness to net capital, of not more than 15 to 1. At December 31, 2010, the Company had net capital of \$6,761, which was \$1,761 in excess of required minimum net capital of \$5,000. The Company's net capital ratio was 0.17 to 1.

**INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17A-5(g)(1) FOR A
BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15C3-3**

Board of Managers
UGR, LLC
Washington, D.C.

In planning and performing our audit of the financial statement of UGR, LLC (the "Company"), as of December 31, 2010, in accordance with auditing standards generally accepted in the United States, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
